

Midwest
Injury
Prevention
Alliance

Join a network of injury and violence professionals working together to make a lasting impact on their communities, states, and nationwide.

SUCCESS

share program experiences to build and refine programs throughout the region

STRENGTH IN NUMBERS

opportunities to combine local and state data with regional experience for use in research, program development, and advocacy

FUNDING

learn novel funding approaches and what others are doing with limited funding

NETWORKING

connect with injury and violence professionals across the states in Region 5

POLICY INITIATIVES

work with other members to develop advocacy strategies and materials, and to develop policy initiatives for local, state, regional, and national agendas

GUIDE CHANGE

through access to leadership growth, influence within MIPA committees and regional professional networks
